**CPT\_S 322 Milestone 6**  
**Team Name: FireMap**

**Repository Link:** <https://github.com/chardamarsh/firemap-cpts322>

**Description:**

An interactive map to view near real-time wildfire and weather information in the United States. Created using the React Framework. Information displayed in this project is from the following sources:

**NIFC Current Wildfire Data API**

<https://data-nifc.opendata.arcgis.com/datasets/nifc::current-wildland-fire-incident-locations/about>

**NWS Spot Weather Forecast API**

<https://api.weather.gov>
